

Continental Elite® Timing Belt Kits

with OE Solutions Technology

With Elite® Timing Belt Kits, it is easy to streamline your claims and receiving goods while making sure your customers have all the right parts to do the job. These kits meet or exceed OE recommendations and include all the necessary components in one place to save stock space and simplify ordering.

That means no more reordering parts if they do not match, no more tracking down claims and no more clutter on the shelves. Replace your belt and its components between 60,000 and 100,000 miles (100,000 to 160,000km) with an Elite® Timing Belt Kit.

Water Pump Kit Includes

- › Timing Belt(s)
- › Idler Pulley(s)
- › Water Pump
- › Hydraulic Actuator (when applicable)
- › Tensioner
- › CAM and Crank Seal(s)

See back for buyer's guide information.

Your Timing Kit Driver

Contact your local distributor or a Continental Elite® representative for more details (see reverse side for contact information).
